

has a new owner!

All good things must come to an end...

After 40 years at Camping De Roos, we are now passing the baton to our successors.

The new owner is the French organisation Huttopia. They will continue the management and development of this unique setting, following in the footsteps of 3 generations of the De Roos family.

They will continue to operate Camping De Roos as a nature campsite; their ideas on how to manage campsites are in line with our own approach.

We are therefore confident that Camping De Roos will be in good hands.

They have 20 years of experience in nature campsites and already own over 40 of them. Most are in France, and a few in North America.

Camping De Roos is their first campsite in Europe outside of France.

We shall still be living at the campsite, so you will regularly see us around.

Hope to see you soon at Camping De Roos!

Jan & Lucie de Roos

Camping De Roos will soon join the Huttopia campsites and villages network
